

COAT HANGER BIKE RACKS

Medium Coat Hanger – Galvanised

Description:

The Medium Coat Hanger –

Galvanised is a sturdy and efficient bike storage solution designed to hold up to 7 bikes. Constructed from high-quality galvanised steel, it is highly resistant to rust and corrosion, making it suitable for both indoor and outdoor installations. Its compact yet robust design ensures optimal space utilization while providing secure and organized bike storage.

Features:

- **Durable Galvanised Steel:** Corrosion-resistant material for long-term outdoor use.
- **High Storage Capacity:** Holds up to 7 bikes securely.
- **Compact & Space-Efficient:** Designed to store multiple bikes while minimizing floor space usage.
- **Stable & Sturdy Design:** Ensures safety and prevents bikes from tipping over.
- **Weather-Resistant Finish:** Suitable for residential, commercial, and public spaces.
- **Easy Installation:** Can be securely mounted or placed in various locations.

Uses:

- **Residential Garages & Homes:** Keep personal bikes organized and accessible.
- **Commercial Properties & Offices:** Provide employees and visitors with secure bike parking.
- **Public Bike Parking Areas:** Ideal for parks, schools, and recreational spaces.
- **Apartments & Housing Societies:** Efficient bike storage for residents.
- **Retail & Bike Shops:** Display and store bikes conveniently.
